PROFESSIONAL SUMMARY

Versatile and detail-oriented Graphic Designer, Photographer, and Post-Production Editor with a strong eye for composition, color harmony, and storytelling. Adept at transforming concepts into visually compelling designs, capturing memorable imagery, and refining content through advanced editing techniques. Proficient in industry-standard software, with a deep understanding of branding, digital media, and print production. Recognized for creativity, technical precision, and the ability to adapt to diverse projects. Committed to delivering innovative, high-quality work that aligns with client visions and enhances audience engagement. Actively enhancing marketing abilities to develop impactful campaigns and strategies, while working towards a drone pilot license to expand creative capabilities, including aerial photography and videography for dynamic, high-quality visual content.

WORK HISTORY

Automotive Merchandiser | Remote/On-Site at Dealerships

Redline Merchandising | 08/2025 – Present

- Completed full merchandising cycles, including inventory verification, photography, videography, and documentation.
- Conducted structured lot walks using the Redline app to match physical vehicle inventory with digital records, identifying discrepancies and ensuring accurate listings.
- Captured high-quality vehicle photos and videos per dealership and Redline standards, adapting methods for store-specific packages.
- Printed and applied buyer's guides and warranties, providing duplicate copies and invoices as required.
